### **Creative Guidelines for Portfolios**

There are many general misconceptions associated with what is expected for your architecture application portfolio. I'll just give you one: **YOU DON'T HAVE TO BE AN ARCHITECT!** What do I mean by this? Most people believe that architecture departments want to see how good of an architect you already are. Failed portfolios will often include CAD drawings, building floor plans, etc. Remember this: what would architecture schools teach students if all accepted applicants were already architects? Your portfolio doesn't have to include a single building design in it. But it must include creativity. **GET ACCEPTED INTO ARCHITECTURE** provides you with some tools to release your inner creative genius.

### **About the Author**

Not having had the luxury of a step-by-step guide of how to get into Architecture School, my path to being accepted was a long one. I had no idea where to begin, and acceptance into the architecture program seemed an impossible secret, as if the only ones who were being let in were students who had contact with those on the inside.

With a crazy amount of research and an intense determination, I set my sight on one goal: GET ACCEPTED INTO ARCHITECTURE SCHOOL!

I've condensed the research of my journey into this helpful book so that you do not have to go through the same process that I did. Study it! Learn it! Love it! And like me, you too will get yourself an acceptance letter on the first try.
