The Annotated Book of Common Prayer: Being an Historical, Ritual, and Theological Commentary on the Devotional System of the Church of England, Vol. 1 (Classic Reprint) Church Of England. Book Of Common Prayer

This work is an attempt to gather into one concise view all the most important information that is extant respecting the devotional system of the Church of England as founded on the Book of Common Prayer. Much research and study have been expended upon this subject during the last quarter of a century; and the Prayer Book has been largely illustrated by the works of Sir William Palmer, Mr. MaskeU, and Archdeacon Freeman. Many smaller books than these have also been published with the object of bringing into a compact form the results of wide and learned investigations :the most trustworthy and complete of an such books being Mr. Procter sexcellent History of theB ook of Common Prayer, with a Eationale of itsO ffices. But it has long seemed to theE ditor of the present volume that a work of another kind was wanted, which (without superseding any previous one of established merit) should exhibit more concisely and perspicuously the connexion between the ancient and the modern devotional system of the Church of England by placing the two side by side, as far as the former is represented in the latter: and which should also give a general condensed illustration of our present Prayer Book from aU those several points of view fronj which it must be regarded if it is to be properly understood and appreciated. Perhaps there is no one book, except the Holy Bible, which has been so much written about as the Prayer Book since the Reformation, and perhaps so much was never written about any one book which left so much still unsaid. The earhest class of commentators is represented by John Boys, who died Dean of Canterbury in 1619, and who had in earlier Hfe pubH shed aV olume of Postils which were preceded by a diffuse comment on the principal parts of the Prayer Book. In these there is much ponderous learning, but a total absence of any Hturgical knowledge.
