This is a great book for the young and the young at heart. Teens in middle school enjoy them as well as girls in high school, and they are widely read by women past the age of thirty who want to read a book without graphic scenes or a lot of cursing.

The Rule Series consists of five books: *Vampires Rule*, *Werewolves Rule*, *Shifters Rule*, *Wizards Rule*, and *Mortals Rule* (which will be released some time during the year of 2015).

*Vampires Rule*: They don't call him Jackpot for nothing.

When a werewolf tried to kill Jack, he was saved by vampires. When he grew tired of the fangs, another

freak event restored his mortality. Now all he wants to do is go to school and be a normal teen, but what's normal about a werewolf English teacher, a girlfriend who happens to be THE werewolf hunter, and a brother who can't make up his mind if he wants to welcome Jack home or stake him through the heart to be on the safe side?

If things aren't complicated enough, Silver insists Jack has a destiny to fulfill. He's supposed to kill the head werewolf in time to save the world from a growing army of the hairy beasts. She tells him a strange story about a fairy, an enchanted journal, and a magical rock that will kill only once. Now Jack has a decision to make. Will he ignore Silver's pleas for help or put his life at risk again? Will he go after a werewolf that never hurt him or the one that murdered his parents?

These books can also be categorized as Paranormal, Paranormal Romance, and Urban Fantasy.
