Kurt Grashaw

What are the differences between the rational and the Carnegie approaches to decision making? What are the differences between the incrementalist and the garbage can models? Kurt Grashaw

This article addresses: What are the differences between the rational and the Carnegie approaches to decision making? What are the differences between the incrementalist and the garbage can models?

One of the keys to organizational success is based on making the right decisions. In addition, decisions determine the strategies, goals and operations of all organizations. There are many decision making models that managers and organizations can use today. They all seem to have pros and cons in their distinctive ways. However, many of these models are uniquely opposite of other models for decision making. For example, there are substantial differences between the rational model of decision making and the Carnegie model of decision making. Another example of the completely different approaches to decision making arises between the garbage can model and the incrementalist model. . . .
