The World We Have Lost: Further Explored Peter Laslett

This updated re-issue of the third edition has been able to take account of the enormous amount of research which has been published since the second enabling Peter Laslett to draw a much more detailed picture and reach fuller conclusions.

The World We Have Lost is a pioneering work in a new field of enquiry - the study of family and class, kinship and community in England after the Middle Ages and before the changes brought about by the Industrial Revolution.

The book explores:

- *size and structure of families in pre-industrial England
- *the number and position of servants in different households
- *rates of migration
- *ability to read and write
- *the size and constituency of villages, cities and classes
- *conditions of work
- *social mobility.

For all students of early modern history, this is a book that demands a place on their reading list.
