**An informed, challenging, and engaging collection of essays on the new choices in lifestyles and community as we begin the countdown toward the year 2012.**

This fresh and thought-provoking anthology draws together some of today's most celebrated visionaries, thinkers, and pioneers in the field of evolving consciousness— exploring topics from shamanism to urban homesteading, the legacy of Carlos Castaneda to Mayan predictions for the year 2012, and new paths in direct political action and human sexuality.

*Toward 2012* highlights some of the most challenging, intelligent pieces published on the acclaimed website Reality Sandwich. It is coedited by Daniel Pinchbeck, the preeminent voice on 2012, and online pioneer Ken Jordan, and features original works from Stanislav Grof, John Major Jenkins, and Paul D. Miller (DJ Spooky); interviews with Abbie Hoffman and artist Alex Grey; and a new introduction by Pinchbeck.

Here are ideas that trace the arc of our evolution in consciousness, lifestyles, and communities as we draw closer to a moment in time that portends ways of living that are different from anything we have expected or experienced.
