BOOK #1:DIY Shed Plans: Step-by-Step Guide For Beginners With Pictures

This book will help to guide you through the easy steps to building your own shed. If you are looking for a home project that you can do in a short period of time and end up with amazing results when it is completed then downloading this book will help to make sure your shed project will go off without a hitch. You do not have to be a carpenter to build this basic shed, by following the steps in this book you will be able to stand back at the end of it and take pride in the finished project.

Even if you are someone that considers yourself not good at building things, you will be impressed what you

can do just by following this simple guide that will help you to construct your shed. As homeowners we end up collecting all kinds of tools and gadgets to keep our property looking good everything from lawnmowers to snow-blowers and everything in between. So you will obviously need somewhere to store all of your tools and gadgets, so this shed project will be just what you need. Even if you have a garage it can get cluttered up pretty quickly with stuff—until there is no room for your car!

BOOK #2:DIY Shed Plans: Build Your Own Shed And Be Proud Of It! Step-by-Step Guide For Beginners With Pictures

This is volume two on a series of books that each one will feature a different design of back garden shed. Hopefully in our series of books you will find the right shed design for you. This is a great home project that you can get done in a short period of time and have some wonderful results at the end of it. Downloading this book will help to guide you step by step through the process of getting your garden shed project up and ready to use in no time. Don't worry if you are not a carpenter this is a basic shed that you will be building with easy to follow instructions. Just think of the satisfaction you will have at the end of your shed building project when you are standing staring at your shed that you built with your own two hands.

Don't worry if you don't consider yourself good at building things, you are going to impress yourself on what you are able to accomplish just by following the steps in within these pages. If you are already a homeowner then you know too well that we tend to collect different gadgets and tools to help maintain our homes inside and out. So it is a really great idea to build yourself a tool or storage shed to hold those items, instead of them cluttering up your car garage to the point that the car can no longer get in the garage.
