The two-volume set (LNCS 6728 and 6729) constitutes the refereed proceedings of the International Conference on Swarm Intelligence, ICSI 2011, held in Chongqing, China, in June 2011. The 143 revised full papers presented were carefully reviewed and selected from 298 submissions. The papers are organized in topical sections on theoretical analysis of swarm intelligence algorithms, particle swarm optimization, applications of pso algorithms, ant colony optimization algorithms, bee colony algorithms, novel swarm-based optimization algorithms, artificial immune system, differential evolution, neural networks, genetic algorithms, evolutionary computation, fuzzy methods, and hybrid algorithms - for part I. Topics addressed in part II are such as multi-objective optimization algorithms, multi-robot, swarm-robot, and multi-agent systems, data mining methods, machine learning methods, feature selection algorithms, pattern recognition methods, intelligent control, other optimization algorithms and applications, data fusion and swarm intelligence, as well as fish school search - foundations and applications.

Well, probably you will need this Advances in Swarm Intelligence, Part I: Second International Conference, ICSI 2011, Chongqing, China, June 12-15, 2011, Proceedings, Part I (Lecture ... Computer Science and General Issues).

**Marie Flynt:**

As people who live in typically the modest era should be change about what going on or details even knowledge to make these individuals keep up with the era which can be always change and progress. Some of you maybe can update themselves by reading through books. It is a good choice for you but the problems coming to you is you don't know what one you should start with. This Advances in Swarm Intelligence, Part I: Second International Conference, ICSI 2011, Chongqing, China, June 12-15, 2011, Proceedings, Part I (Lecture ... Computer Science and General Issues) is our recommendation to help you keep up with the world. Why, because this book serves what you want and need in this era.

**Beverly Hummell:**

A lot of people always spent all their free time to vacation as well as go to the outside with them loved ones or their friend. Were you aware? A lot of book has printed but it differs from the others. You can get it by web on social media. You can choose the most effective book for you, science, amusing, novel, or whatever by means of searching from it. It is called of book Advances in Swarm Intelligence, Part I: Second International Conference, ICSI 2011,

Chongqing, China, June 12-15, 2011, Proceedings, Part I (Lecture ... Computer Science and General Issues). You can contribute your knowledge by it. Without departing the printed book, it may add your knowledge and make a person happier to read. It is most important that, you must aware about e-book. It can bring you from one spot to other place.
